MEMORANDUM FOR: Deputy Director for Administration
FROM: Harry E. Fitzwater
Director of Training
SUBJECT: Drug Abuse

1. In accordance with your request, attached are memoranda for your signature addressed to each of the other Deputy Directors concerning required attendance at Drug Abuse Seminars for employee parents processing for PCS assignment overseas.

2. A proposed draft revision of [redacted] is also STATINTL being forwarded to Regulations Control Branch for coordination and publication.

28 APR 1977

MEMORANDUM FOR: Deputy Director for Intelligence
FROM: John F. Blake
Deputy Director for Administration
SUBJECT: Drug Abuse

STATINTL

1. Headquarters Notice [redacted] on the subject of drug abuse is in the process of being rewritten for publication. In the meantime, I request that you notify all of your offices that the subject is one which warrants continued attention. I believe the problem is as severe now as it was in 1974 when HN [redacted] was first published.

STATINTL

2. Employees processing for overseas assignment, who are parents, are required to attend a Seminar on Drug Abuse, and they are urged to invite their spouses to attend also. Single and childless employees are invited to attend, but it is not required that they do so.

3. As indicated in HN [redacted], there is no central point which can assume responsibility for ensuring that all employee parents attend the Drug Abuse Seminar before departing on PCS assignment. It must, therefore, be a command responsibility, centered in the operating component responsible for administrative processing of the employee for overseas assignment.

STATINTL

4. Drug Abuse Seminars are conducted by a representative of the Office of Medical Services and have been incorporated in the Preparing for Overseas Assignment Course given by the Office of Training. Component training officers may enroll personnel for the entire Preparation for Overseas Assignment Course or for the Drug Abuse Seminar portion of that course, as may be appropriate. Component training officers may call extension [redacted] for further information.
